

AUTODESK AUTOMOTIVE DAYS AGENDA

DAY 1 / Oct 19, 2010 - GENERAL SESSION -		
Start Time	Duration	Possible Speaker/Presenter – Subject
09:00h	1:30	Registration
10:30h	0:45	Paolo Antonacci, Autodesk – Autodesk Directions
11:15h	0:45	Christoph Sieber, KKN – Technical Surface Experience: Industrial Applications in the German Automotive Industry
12:00h	1:00	Lunch
13:00h	0:45	Thomas Heermann, Autodesk – Creativity, Technical Surfacing & Visualization
13:45h 14:15h	0:30 0:30	Denis Visconte, Renault – Global Digital Design Development Robert Heinrich, Porsche – Creativity Process
14:45h	0:30	Exhibition/ Break
15:15h	00:30	Ed Martin, Autodesk – Factory, Moldflow and Factory Visualization
15:45h	00:30	Martin Saller, Helmut Hobmaier, Audi – New Ways of Visualization: Real Time Ray Tracing with RTRT at Audi AG
16:15h	00:30	Enrico Tonelli, Fiat – The Usage of Plastic and Design
16:45h	0:45	Presenter available for 1to1 Q/A
17:30h	0:15	Exhibition/ Break
17:45h	1:00	Sketch Battle

DAY 2 / Oct 20, 2010 - CONCURRENT PRESENTATIONS AND WORKSHOPS -					
Start Time	Duration	Technical Surfacing	Conceptual Design	Visualization	Factory
08:45 h	0:45	Nils Kremser & Uwe Rossbacher, Autodesk – Technical Surfacing Masterclass	Oliver Vogt & Gerrit Mielke, Semcon – Polygon Modeling with Autodesk® Maya® for the Automotive Industry	Ken Pimentel & Martin Emila, Autodesk – Visualization Workshop	
		Exhibition/ Break	Exhibition/ Break	Exhibition/ Break	Exhibition/ Break
09:45 h	0:45	Gerd Schwaderer, Geomagic – Bridging the gap of Points and Surfaces	Michal Jelinek, Autodesk – Conceptual Design Masterclass	Marc Herling, Lumographics – Just one 150% model to create 100.000 design variants: Configurations made easy with Autodesk® Showcase® and LumoLogic	Ed Martin, Autodesk – Solutions to Factory Design Challenges
		Exhibition/ Break	Exhibition/ Break	Exhibition/ Break	
10:45 h	0:45	Nils Kremser & Uwe Rossbacher, Autodesk – Technical Surfacing Masterclass	David Hilton, Motorcity Europe – Designing a Supercar around the limits	Ken Pimentel & Martin Emila, Autodesk – Visualization Workshop	Kiwamu Moriguchi, Mitsubishi – Digital Factory using Autodesk® Factory Design Suite in Mitsubishi Motor Corporation
		Exhibition/ Break	Exhibition/ Break	Exhibition/ Break	Exhibition/ Break
11:45 h	0:45	Christoph Sieber, KKN – Technical Surface Experience: Industrial Applications in the German Automotive Industry	Michal Jelinek, Autodesk – Conceptual Design Masterclass	Michael Mueller, M-Innovations – From 2D to 3D-High Quality environments for 3D Visualization	
		Exhibition/ Break	Exhibition/ Break	Exhibition/ Break	Exhibition/ Break
12:45 h	0:45	Nils Kremser & Uwe Rossbacher, Autodesk – Technical Surfacing Masterclass	Bernhard Wagner, BMW – A Sketch goes reality: Developing Process of a Conceptual Vehicle, from Sketch > Poly Model > Clay Model > Final Model	Ken Pimentel & Martin Emila, Autodesk – Visualization Workshop	
13:30 h		Lunch	Lunch	Lunch	Lunch
